

Z-cam

Silent Mini PTZ Camera

-  **1080P Resolution**
-  **1/2.8" Low Illumination Image Sensor**
-  **30X Optical Zoom**
-  **Operation Temperature -28C ~ +60C**
-  **Onvif & RTSP support**
-  **WiFi (2.4GHZ) support**
-  **Pelco-D/P Support**
-  **Pan. Tilt. Zoom**
-  **L*W*H: 68*34*25mm**

Live streaming solution

Designed for remote operation, this compact but powerful robotic camera is ideal for capturing images in hard-to-reach or unobtrusive positions. Excellent low-light sensitivity makes the camera ideal for use in conditions of near-darkness. Images can be reviewed remotely via a web browser, with support for RTSP ensuring smooth, stable streaming of video. It's also particularly suited to efficient multi-camera setups, under the control of a single operator.

System

Embedded RTOS design, dual core 32-bit DSP, hardware image compression;
1080P: Hi3516EV200 + IMX307

Sensor

1/2.8 " Sony IMX307 Starvis CMOS sensor(1080P),
Color 0.0001Lux /F1.2, black and white 0.00001 Lux/F1.2

Video

H.264/H.265, Dual-stream support; Adjustable frame rate

Resolution

Main video stream: 1920*1080@25/30 FPS (1080P)

Network

1 RJ45, 10/100M Ethernet adaptive interface;
Supports RTSP / FTP / PPPOE / DHCP / DDNS / NTP / UPnP
network protocols;

Photoresistor

1 * photoresistor port,
support photoresistor input signal actived with picture, IRCUT
and IR light

ONVIF

Support

Moblie

Support (iPhone, Android)

Others

DC 12V power supply; Power consumption - 5W
